

A report by the Urban Institute estimated the change would lead to an increase of 2.5 million people without minimum essential health care coverage by 2019, and an increase of 18.2% in 2019 premiums for ACA-compliant nongroup insurance plans.

The changes would allow people to shop around for the coverage they want, Mr. Lawson said. The Buckeye Institute and others have criticized the ACA exchanges for placing burdensome regulations on insurers and raising premiums.

"In general, what this will allow is you can have more barebones type policies that are more affordable," he said. "I don't think this is necessarily the pathway that we would prefer to see on a permanent basis but given the fact that the affordable care act is still the law of the land, this does give some breathing space."

Mr. Wagner said those requirements ensure people have comprehensive insurance coverage. He called the latest change part of an effort to eliminate coverage requirements created under the ACA.

"The Trump Administration is eating away at the foundations of health care coverage like termites in the foundation," he said. "This change along w the ability to alter the essential health benefits weakens people's access to quality affordable health care."

#### **Travel Trailer Maker Tops List Of Tax Credits Issued By State Panel**

The Tax Credit Authority on Monday approved incentives for four projects that promise to create a total of 475 jobs and retain another 1,405 positions, the Development Services Agency reported.

The \$2.81 million in tax credits, an estimate that depends on the companies meeting their hiring goals and other criteria, are projected to help trigger \$41 million in investments and result in more than \$24 million in new payroll, according to the state.

Topping the list in terms of impacted jobs and tax credit value is the \$2.325 million incentive for **Airstream, Inc.** in the Village of Jackson Center in Shelby County.

The designer and manufacturer of travel trailers and touring coaches expects to create 280 full-time positions generating \$14.8 million in new payroll while retaining \$57.2 million in payroll with its expansion project. The TCA approved a 1.874%, nine-year Job Creation Tax Credit for the plans.

The other approved projects (estimated tax credit values) are:

**Sedgwick Claims Management Services, Inc.** of Hilliard (Franklin Co.). The provider of claims, productivity, managed care, risk consulting and other services expects to create 109 full-time positions generating \$4.3 million in new payroll while retaining \$13.4 million in payroll. The expansion plans attracted a tax credit of 1.31% over seven years (\$400,000).

**Veeva Systems Inc.** of Dublin (Franklin Co.) plans 46 new jobs, \$3.5 million in new payroll and the retention of \$2.1 million in payroll with its expansion. TCA awarded a 1.62%, seven-year tax credit for the project (\$355,000).

**Modular Assembly Innovations LLC** of Allen Township (Union Co.), which plans 40 new jobs, \$1.4 million in new payroll and the retention of \$7.6 million in payroll. The provider of manufacturing and modular assembly services to the automotive industry was awarded a 1.055%, six-year JCTC (\$90,000).

### **Kasich Declares Emergency As Flood Risks Continue**

Two days after Gov. John Kasich declared a state of emergency in 17 counties, areas of Ohio are continuing to grapple with flooding.

On Saturday, the governor issued his emergency declaration in the face of flooding - particularly along the Ohio River, which was expected to crest Monday.

Although rains have stopped, flood waters linger in some areas, closing roads and posing ongoing safety risks. The National Weather Service has said flood warnings are expected to persist for several more days in the central U.S. as "numerous river systems will remain in flood stage this week."

"As the weather and flooding is expected to get worse we're staying ahead of things by taking our readiness up to the next level and declaring an emergency where we expect the worst conditions," Gov. Kasich said over the weekend. "We'll quickly add to those areas as it's needed."

Counties affected by the proclamation include: Adams, Athens, Belmont, Brown, Clermont, Columbiana, Gallia, Hamilton, Hocking, Jackson, Jefferson, Lawrence, Monroe, Meigs, Muskingum, Scioto and Washington.

The state's Emergency Operations Center had been preparing for this round of flooding since at least Feb. 18. That's the day the Ohio EMA Watch Office began providing regular awareness reports multiple times a day to state, local and federal agencies.

In recent days meals have been provided to the elderly by the Department of Aging, emergency management liaisons have been dispatched to assist county-level operations centers, and swift water rescue teams have been positioned.

"Ohioans do a good job of looking out for each other and we're doing it again now also," Gov. Kasich said. "Teams at the local level are hard at work and state teams have been coordinating with them and supporting them over the past week."

Following the Kasich order, the EMA transitioned from assessment and monitoring to partial activation and the state's Joint Information Center was opened. That followed Ohio National Guard deployments to help install flood gates and a flood wall in Scioto County.

In recent days, state entities have assisted in providing sand bags and a water pump to communities in Lawrence County. A major rockslide on Monday closed a portion of a highway in that county, according to the Ohio Department of Transportation. State geologists were on the scene.

"I urge people to stay safe by staying informed, not taking any chances and checking in on your neighbors, especially seniors and families with young kids," the governor said. "Call your local city, county or Red Cross if there's anyone who needs help. We'll get through this as we always do, by working together."

At the same time, Attorney General Mike DeWine has issued several tips to steer residents away from flood-related scams that may arise.

"As people across Ohio assess the damage and start the clean-up process, we're reminding consumers to beware of scams," Mr. DeWine said. "Some con artists travel to affected communities to take advantage of people. They offer to help, but once they get your money, they're gone. After the flooding, we also could start to see flood-damaged vehicles entering the market. We just warn people to be careful."

### **Cyberattack Temporarily Shuts Down State Websites, Phones**

The Department of Administrative Services is making modifications after a cyberattack blocked state websites and phone systems for multiple hours Sunday evening.

DAS spokesman Tom Hoyt said the attack was launched shortly after 5:30 p.m. Sunday and "was addressed quickly and remediated at approximately 9:50 p.m."

"It was not a breach - no personal information was compromised," Mr. Hoyt said.

Several accounts seemingly affiliated with the so-called "hacktivist" group Anonymous appear to be taking credit for the attack on social media. Anonymous-linked users posted screenshots showing error pages that appeared when trying to access state websites.

The attack was a denial-of-service attack, which is a concerted effort in which users bombard a targeted system with requests, thereby overloading and disabling it for legitimate users.

"The attack itself was educational in the sense that we now know how this type of attack is done and we can put in filters and prepare to help us be ready if it happens again," Mr. Hoyt said. This is the first time DAS has grappled with this specific method of a denial-of-service attack.

"These types of attacks can be done in different ways so we're aware of them and prepare for them," Mr. Hoyt said. "This was conducted in a different way, but once you go through that, you learn how it's done and we can prepare for the next time."

It's not the first time the state has been faced with a cyberattack.

Nearly a dozen state websites were impacted last year after hackers posted pro-ISIS messages on state homepages. That "internet graffiti-style" attack, however, was believed to be surface-level in nature with hackers not accessing the state's servers. (See Gongwer Ohio Report, June 26, 2017)

### **Environmental Group Calls For Setback, Chemical Reporting Changes Following Well Fire**

The Ohio Environmental Council is pointing to a Feb. 15 explosion and fire at a Belmont County oil well as new evidence pointing to the need for increased well setbacks.

But a leading oil and gas group is accusing the council of seeking to block industry development with its latest call for new legislation.

A horizontal well operated by XTO caught fire earlier this month, causing explosions and leading to the evacuation of residents within a one mile perimeter as the well continued to leak methane and other gasses.

XTO has said it has contracted with various companies to monitor the area and oversee cleanup operations. It has also paid to house 100 households who were displaced. Those residing beyond a half mile from the site have since been moved back into their homes.

The OEC said the incident is a "wake up call" demonstrating a need to strengthen Ohio's current law requiring horizontal wells to be located at least 100 feet from rural homes.

"What this incident demonstrates is that Ohio's current setback laws for horizontal oil and gas wells are clearly insufficient and do very little to protect communities from this new wave of oil and gas development," said Melanie Houston, director of climate programs at the Ohio Environmental Council. "Given the frequency of horizontal well pad incidents in Ohio over the past five years, it is past time for Ohio lawmakers to reconsider a safer setback distance."

The group said the incident also shows the need to examine laws requiring well operators to disclose hazardous chemicals to emergency responders. That debate was a point of contention during budget talks last year. (See Gongwer Ohio Report, April 14, 2017)

"State lawmakers also must close the chemical reporting loophole in Ohio law to make sure that first responders such as those responding to last week's incident can get the full accounting of chemical identities during oil and gas emergencies," Ms. Houston said.

The Ohio Oil and Gas Association, however, said 2012 legislation in that arena "created one of the most stringent regulatory programs for chemical disclosure in the nation."

That bill (SB315, 129th General Assembly) was a far-reaching energy mid-biennium review measure that strengthened requirements. But Democrats and environmental groups at the time said it didn't go far enough with its chemical disclosure provisions. (See Gongwer Ohio Report, May 24, 2012)

"The bill required chemical disclosure to all first responders, providing access to the information that they need and allowed (the Ohio Department of Natural Resources) to ask for additional chemical information when there is an incident," said Matt Hammond, OOGA's senior vice president.

As far as the idea of increased setbacks, the organization accused OEC and its allies of attempting to use a setback increase to snuff out oil and gas development.

"We have all heard the calls for increased setback distances since 2003 and found that environmental groups have supported setback distances for the sole purpose to offend the property rights of landowners and effectively block oil and gas development," Mr. Hammond said.

### **Schiavoni, Williams Plan Firearm Removal Bill; Yost Unveils School Safety Plan; High Court Hears Janus Case; Kucinich Continues Gun Push...**

Sen. Joe Schiavoni (D-Boardman) and Sen. Sandra Williams (D-Cleveland) on Monday announced their intention to introduce a bill allowing for the removal of firearms from people deemed to be an imminent danger to themselves or others.

The proposal would establish an Extreme Risk Protection Order that would allow family or law enforcement to ask a court to temporarily remove firearms for up to one year.

"Family members are often the first to know when a loved one starts showing signs that they're dangerous to themselves or people around them," Sen. Schiavoni, a Democratic gubernatorial candidate, said in a statement. "Sadly, there aren't many options available to be proactive, remove weapons and prevent those moments from becoming tragedies. This bill is common sense. It provides a clear process when loved ones notice those red flags."

Five other states have similar laws. In announcing the intention to introduce the measure, the lawmakers cited Gov. John Kasich, who in a recent television interview expressed support for ERPOs.

"I am pleased to see the conversation turn and the mood shift toward sensible gun safety measures in Ohio," Sen. Williams said. "I'm also pleased to see Gov. Kasich supporting efforts to combat gun violence. We know how to reduce gun violence in America while still respecting the Second Amendment. This bill is a step forward in that direction."

**School Safety:** State Auditor Dave Yost on Monday rolled out a three-point school safety plan centered on securing buildings.

The attorney general hopeful's plan calls for a statewide inventory of security measures at all 5,200 school buildings across the state and a bond-backed program to modify them to create a single point of entry, install electronic zoned locking systems and add video cameras.

The final piece of the plan calls for the establishment of a training program for school staff volunteers with prior military or law enforcement experience.

"We need to protect our kids at school at least as well as we protect our politicians at work," Auditor Yost said in a statement. "This program takes the same proven tactics and technology we use in government offices-and many private businesses-and puts them to work in our schools, where our greatest treasures are."

**Janus Case:** A day ahead of the U.S. Supreme Court hearing oral arguments in a case that could have far-reaching implications for public sector unions, hundreds gathered on the Statehouse lawn for the "Working People's Day of Action."

The event also comes in the wake of six pieces of legislation introduced in Ohio to revise collective bargaining laws.

"The Ohio Legislative Black Caucus stands in solidarity with labor and working people," Ohio Legislative Black Caucus President and Rep. Stephanie Howse (D-Cleveland) said in a statement. "Right to Work is wrong and has no place in the state of Ohio. Fair labor practices, equitable pay, representation in the workplace and building power through unity are essential to making Ohio stronger, and should be a guaranteed right to all who are willing to work."

Buckeye Institute President Robert Alt said the questioning by Justice Anthony Kennedy during oral arguments should leave union supporters concerned.

"Given how frequently Justice Kennedy is in the majority, his questions have to be a cause of concern for those seeking to continue the practice of forcing public servants to pay for union speech with which they may disagree," he said.

**Gun Control:** The gubernatorial campaign of Dennis Kucinich continues to put gun control in the spotlight.

In the latest move, Mr. Kucinich's running mate, Akron City Councilwoman Tara Samples, plans to introduce a measure to urge state lawmakers to pass a ban on assault weapons.

"Dennis and I, with the help of more than 2,000 grassroots volunteers, are working to convince every city council and every board of education all across Ohio to support getting these killing machines off our streets," she said in a statement. "I couldn't be more proud that my own community is about to become the first in Ohio to take this step."

**New Polling:** A Suffolk University/*USA Today* poll released Monday found strong support for additional gun restrictions, including 63% of respondents who want semi-automatic weapons banned.

Another 76% said that people treated for mental illness should be banned from owning firearms and 61% said stronger gun control law and background checks could prevent more mass shootings.

The poll also found that 62% believe schools should be required to have metal detectors and 58% believe there should be a requirement that schools have a armed police officer stationed on campus.

However, just 19% believe the prospects of Congress passing gun-control measures are good to excellent and 25% believe there is a fair chance for legislative action. Another 51% said the chances are poor.

"Voters see a Congress that is deaf to their wishes about remedying gun violence in the United States," said David Paleologos, director of the Suffolk University Political Research Center in Boston

The nationwide survey of 1,000 individuals, which has a margin of error of 3%, also found that President Donald Trump's approval rating stands at 38%, down from 47% one year ago.

"President Trump's job performance ratings have had several ups and downs in the past year, with last March's relatively strong showing coming in the aftermath of a well-received speech to Congress," Mr. Paleologos said. "The bump he got after signing the tax bill in December appears to have been overwhelmed in light of young people challenging him on gun issues and the investigation of Russian meddling in U.S elections."

**ODP Training:** The Ohio Democratic Party announced Monday that more than 110 candidates took part in its "Main Street Initiative," which provides training and support to candidates.

"What Democrats are seeing nationally, we're seeing here in Ohio, too - the unprecedented energy and enthusiasm of the grassroots is turning into record numbers of Democratic candidates running in races up and down the ballot," ODP Chairman David Pepper said in a statement. "We're proud to support our state and local candidates when they run for office, as we build our bench of great public servants. We look forward to working with our 2018 'Main Street' candidates from now through Election Day and then touting their successes once they're in office."

**RE: CO-SPONSOR REQUEST - ACCESS TO PAY STATEMENTS**

---

I will soon be introducing legislation to guarantee employee access to pay stubs.

A constituent initially brought this issue to the attention of my office after her employer went through a change in ownership and she and her coworkers stopped receiving their regular pay statements and were additionally denied access to

viewing them. Upon receiving their W-2's at the beginning of the year, they noticed that their total earnings of the previous year were significantly lower than they have been in past and that their hourly wage had been altered in the change. While the employees were able to recover lost wages through the legal process, their employer was still not required to provide them with pay statements.

Ohio is currently one of nine states that do not require employers to provide a statement detailing an employee's pay information. This legislation would simply make Ohio an access state – meaning employers can comply with the pay statement requirement by providing either a written, printed, or electronic pay stub (or access to the electronic pay stub).

The Fair Labor Standards Act (FLSA) does not require an employer to provide employees with pay stubs, however it does require that employers keep accurate records of hours worked and wages paid to employees. While we are aware that the case in my district is a rare one, we would like to assure all hard working Ohioans are able to see their wages and deductions as needed without taking their cases to court – especially since their employer is already required to keep track of this information.

If you would like to co-sponsor this legislation, view the language or have any questions please do not hesitate to contact myself or my aide, Hope Lane at 614-466-5786 or [Hope.Lane@OhioHouse.Gov](mailto:Hope.Lane@OhioHouse.Gov). The deadline to co-sponsor is Friday, March 2<sup>nd</sup> at 5:00pm.

Thank you for your consideration.

**This Week: Gun Control and Remembering the Rev. Billy Graham**

Congress returned yesterday from its Presidents' Day recess, which was dominated by the issue of gun control. Since the Feb. 14 shooting at Stoneman Douglas High School in Parkland, Fla., the nation has been immersed in an intense debate on what to do to prevent future school shootings. However, don't expect Congress to act this week. While the Senate will be in session all week, the House will conclude business today to make way for the remembrance of Rev. Billy Graham, who will become only the fourth private citizen to lie in honor in the Capitol Rotunda on Wednesday and Thursday.

**US Supreme Court Hears Arguments in Union Dues Case**

Perhaps the most significant debate on Capitol Hill this week will take place yesterday in the U.S. Supreme Court. The decision could not only affect every member of a public sector union but also result in the largest shift in federal education policy in 40 years.

On Monday, the U.S. Supreme Court heard oral argument in Janus v. American Federation of State, County and Municipal Employees (AFSCME) Council 31. Mark Janus, a public-sector employee in Illinois, is challenging the constitutionality of a state statute allowing public sector employers and unions to agree that employees who don't join the union must still pay their "fair share" of collective bargaining costs. Janus argues that requiring him to pay his "fair share" of union dues is a violation of his First Amendment free speech rights. Janus asserts he should have the choice to join or not join, pay or don't pay.

Since 1977, when the US Supreme Court ruled in *Abood v. Detroit Board of Education*, public employees subject to fair share agreements have been required to pay for union representation, even if the worker doesn't join the union.

It is estimated that *Janus v. AFSCME* could impact 5.5 million public sector employees. The ruling could alter the relationship between labor and management, nationwide union membership and dues collection. At present, 22 states authorize fair share for public sector employees.

The *Janus* decision may have an outsized impact on public education given that two of the three largest public sector unions in the nation relate to education—the National Education Association and the American Federation of Teachers. Employees in education had the highest unionization rate of all sectors, with 37.2 percent being represented by a union.

On Dec. 5, attorneys general in 20 states (Michigan, Alabama, Arizona, Arkansas, Florida, Georgia, Idaho, Indiana, Kansas, Louisiana, Missouri, Nebraska, Nevada, Oklahoma, South Carolina, Tennessee, Texas, Utah, West Virginia, and Wisconsin) filed an amicus curiae brief in support of *Janus*. On Jan. 19, attorneys general in 20 states (New York, Alaska, Connecticut, Delaware, Hawaii, Iowa, Kentucky, Maine, Maryland, Massachusetts, Minnesota, New Jersey, New Mexico, North Carolina, Oregon, Pennsylvania, Rhode Island, Vermont, Virginia and Washington) and the District of Columbia filed an amicus curiae brief in support of AFSCME.

In 2016, the U.S. Supreme Court considered a similar case *Friedrichs v. California Teachers Union*. With the death of Justice Antonin Scalia, the Court deadlocked with a 4-4 decision. Justice Gorsuch could be the swing vote to overturn *Abood*. A decision is expected by the end of June.

### **White House Meeting on School Safety**

In the wake of the Parkland, Fla., school shooting, last week President Donald Trump, Vice President Mike Pence, and Secretary of Education, Betsy DeVos met with more than 40 survivors, teachers and community members to discuss strategies to reduce school violence. In the meeting, the president expressed his support to improve federal background checks on gun purchases, equip school staff with firearms and explore other avenues to improve school safety. The president also issued a Presidential Memorandum

directing the U.S. Department of Justice to "expeditiously as possible, to propose for notice and comment a rule banning all devices that turn legal weapons into machineguns." An official federal regulatory review of the "bump stock" rule began last fall, following the deadly shooting in Las Vegas, Nev. Over 100,000 comments were received and are being reviewed by the Justice Department.

## **Supreme Court to Hear Online Sales Tax Case in April**

On Friday, the Supreme Court set the argument date for the *South Dakota v. Wayfair* remote sales tax case for Tuesday, April 17. If the court rules in the South Dakota's favor, every state could be granted the authority to require remote businesses to collect and remit sales taxes on transactions made by their state's residents. If South Dakota loses, the long-term viability of the sales tax as a state revenue stream for states may be in jeopardy. ## **DACA and Immigration Debate Stalls in Senate**

Before Congress recessed, and before the re-emergence of the gun control debate, a fierce debate on immigration consumed Capitol Hill. However, lawmakers on Capitol Hill failed to reach a consensus on the issues of immigration reform, border security and the "Dreamers" and there is still no clear path forward for a comprehensive deal. In the Senate, neither of the four immigration-related proposals cleared the 60 vote threshold needed to advance legislation and it is unlikely that any proposal from the House would be entertained by the Senate.

While the president had set March 5 as the deadline for Deferred Action for Childhood Arrivals (DACA) recipients, at which point he would terminate the program, federal district judges in California and New York have delayed that possibility, thus allowing more time for negotiators to work out a deal. On Monday morning, the U.S. Supreme Court denied the administration's request to rule on the legality of DACA in advance of a U.S. Circuit Court decision. In a one sentence denial of the administration's request, the Court stated, "[I]t is assumed that the Court of Appeals will proceed expeditiously to decide this case." The Court of Appeals is expected to rule on the injunction as early as April.

### **Congressional Appropriators Race to March 23 Deadline**

The Bipartisan Budget Act of 2018 included the fifth continuing resolution (CR) for fiscal year (FY) 2018 and set new spending caps on how much the government can spend through FY 2019. Now, lawmakers have just four weeks to craft the 12 annual appropriations bills, or one combined omnibus bill, before March 23 when the government is at risk of another government shutdown. To make things even more complicated, the budget deal also had several informal agreements that were agreed to, but did not give specifics. This includes yearly funding of:

- \$3 billion to "fight against the opioid and mental health crises."
- \$10 billion for infrastructure.
- \$2 billion to "rebuild and improve" veteran's health care.
- \$2 billion for "college affordability."
- \$2.9 billion for the child care development block grant.
- \$1 billion for the National Institutes of Health.

Now, appropriators will have to translate how this funding will look while the party leaders act as chaperones to make sure everybody complies with the deal's stipulations. This also may be the last major legislative vehicle of the year, so you can bet lawmakers are rushing to get their priority bills added to the omnibus. The budget deal reached earlier this month also created a joint committee that is specifically tasked with "advancing reforms to the budget and appropriations process." Last week, House leaders made their selections on who would try to tackle this monstrous task. Speaker Paul Ryan chose Steve Womack (R-Ark.), Rob Woodall (R-Ga.), Jodey Arrington (R-Texas), and Pete Sessions (R-Texas), while Minority Leader Nancy Pelosi chose Nita Lowery (D-N.Y.), Lucille Roybal-Allard (D-Calif.), Derek Kilmer (D-Wash.) and John Yarmuth (D-Ky.). Senate leaders have yet to name their eight members to the reform committee.

**DYK?** On Feb. 25, 1863, 155 years ago, President Abraham Lincoln signed the National Currency Act (later called the "National Bank Act"), which was the first attempt to establish a central bank following the failures of the First and Second Banks of the United States. The law aim to address the hodge-podge of local banks, local money, and conflicting regulatory standards that existed before the Civil War. The act allowed for the creation of national banks, planned for a national currency, and gave the federal government the ability to sell war bonds and securities.

## **House Republicans Signal Willingness to Negotiate with Senate on Banking Reform Measures**

House Financial Services Committee Chair, Jeb Hensarling (R-Texas), appears to be open to negotiations with the Senate on Dodd-Frank rollback measures. Hensarling, who has a steady track record of wanting to wholly dismantle Dodd-Frank, now seems to be open to more moderate reforms in a strategic attempt to get legislation to the president's desk.

Hensarling's original banking reform legislation, the Financial CHOICE Act of 2017, would have removed significant portions of Dodd-Frank. His new strategy consists of multiple individual bills amounting to an a la carte offering of banking reform measures. House Republicans are hoping that this strategy is more palatable to moderate senators than the sweeping Financial CHOICE Act, which many deemed D.O.A. in the Senate last year after it passed the House.

In his attempt to work with the Senate, Hensarling seems willing to ease up on tough reform proposals designed to slash the Consumer Financial Protection Bureau—an agency that has proven to be a political lightning rod since its Dodd-Frank inception in 2010. Bipartisan policies that seem to be on the table in both chambers include relaxing regulatory oversight of credit rating agencies and increasing capital holdings thresholds for small and mid-sized banks that currently require heightened scrutiny under Dodd-Frank.

These latest attempts to move bi-partisan banking reform legislation come at the chagrin of some Democrats who feel that such measures would amount to taking a step back after progress made in the post-Great Recession era. If the House and Senate can successfully negotiate the legislation, the president has signaled ardent support for legislation that rolls-back Dodd-Frank in any form.

## KEY VOTE ALERT

**TO:** Members of the Ohio House of Representatives

**FROM:** Don Boyd, Director, Labor and Legal Affairs

**RE:** Upcoming Floor Vote on House Bill 271

**DATE:** February 27, 2018

Disability accessibility laws, both state and federal, were enacted to prohibit discrimination against individuals with disabilities, provide access to public accommodations and to provide individuals with remedies for violations of the law. However, these laws are often complex and technical with no comprehensive administrative oversight. Therefore, enforcement is primarily through litigation.

Currently, when a lawsuit is filed for an accessibility violation, successful plaintiffs are entitled only to injunctive relief, meaning the problem or violation is remedied, and their attorney's fees. This gives attorneys, often seeking settlement, an incentive to file lawsuits independent of how quickly the violations are fixed. This has resulted in a cottage industry of accessibility lawsuits that not only saddle employers with unfair litigation and settlement costs but prevent the access problems at issue from being corrected in a timely manner.

HB 271 offers a meaningful solution to this very serious problem. The bill proposes a notification process a prerequisite to being able to recover attorneys' fees in cases under state accessibility law. Once the notice is received, the business has 15 business days to respond and provides 60 days to remedy the violation. The bill also allows for an additional 60-day extension, for a total of 120 days, upon reasonable explanation of why the improvement will take longer than the original 60-day allotment.

Today, a business may not even know of a violation until a lawsuit is filed. The process laid out in this legislation would disincentivize lawsuits in favor of both sides coming together to reach timely and workable solutions which would facilitate better compliance. Most businesses do not intentionally violate accessibility laws but are simply unclear about their obligations. This bill gives them a greater chance of addressing the alleged violation prior to going to court and will help lower legal costs for businesses that simply want to improve access. However, it would not close the door to litigation if the violation is disputed or if the individual chooses to forgo attorneys' fees.

**The Ohio Chamber of Commerce strongly supports HB 271 because we believe this legislation reasonably balances the interests of ensuring access for individuals with disabilities and preventing lawsuit abuse plaguing businesses. We urge you to vote yes to HB 271. Please be aware that vote on HB 271 will be reflected in the Ohio Chamber's General Assembly Voting Record.** If you have any questions about this bill or the Ohio Chamber's position, please contact me at (614) 228-4201 or [dboyd@ohiochamber.com](mailto:dboyd@ohiochamber.com).

**FROM:** Representative Janine Boyd and Representative Kristin Boggs  
**DATE:** February 5, 2018  
**RE:** Request for Co-Sponsorship – Paid Family and Medical Leave

---

We will soon introduce legislation to create the Ohio Family and Medical Leave Insurance Program. Today we chose to send this co-sponsor request as this date marks the 25<sup>th</sup> anniversary of FMLA (Family Medical Leave Act). This legislation will provide 12 weeks of family and medical leave benefits, which will permit individuals to care for a family member, bond with a new child, or address their own serious health condition.

Out of 178 countries worldwide, the United States is one of three that does not provide paid leave to new mothers. So far five states—California, New Jersey, New York, Hawaii and Rhode Island offer some sort of paid leave to men and women who provide care. The federal Family Medical Leave Act provides 12 weeks of leave for family and medical reasons. This time is unpaid and employers with fewer than 50 employees are exempt, which eliminates a large segment of workers. Ohio should lead on the issue of paid leave to grow our economy and allow working people to put family first.

The program will be under the purview of the Department of Job and Family Services. An individual would receive leave insurance benefits for: a health condition which makes him/her unable to perform their job duties; caring for a new child during after birth, adoption, or foster care placement; caring for a child, parent, or spouse who has a serious health condition; or the individual is taking any other leave as authorized by the federal Family and Medical Leave Act. In order to be eligible for program benefits, an individual must file a claim with ODJFS; must have worked at least 680 hours during the base period; premiums have been withheld and remitted for at least one year; and the leave must be for the above-mentioned purposes.

Once established, program benefits will be paid by assessing premiums on employees. Employers will be required to deduct and withhold premiums from employee's wages. However, an employer may opt to pay the contributions on behalf of employees.

An employee who is covered by an employer policy or collective bargaining agreement that provides the employee with greater leave than that provided by the Family and Medical Leave Act may elect not to participate in the Program in accordance with rules adopted by the Director. An employee who elects to opt out of participating in the Program is not liable for any premium or contribution that would otherwise be due under the Program.

Working people in Ohio should not have to worry about losing their job or falling behind financially just to take care of a sick child or relative; address their own serious health condition; or care for and bond with their newborn child. Ohio cities like Dayton and Cincinnati are leading on leave. By allowing working people to put their family first, we can truly make Ohio a better place to live, work, and raise a family.

If you have any questions or would like to co-sponsor this legislation, please contact Dominic Paretti, at 614-644-5079 or via email at [Dominic.Paretti@OhioHouse.Gov](mailto:Dominic.Paretti@OhioHouse.Gov) and Serena Finlay, 614-466-1896 or via email at [Serena.Finlay@OhioHouse.Gov](mailto:Serena.Finlay@OhioHouse.Gov). **The deadline to co-sponsor is Friday, March 9 at 4:00pm.**

### COMMITTEE HEARINGS

#### Health, Human Services & Medicaid

**HB 111** **MENTAL HEALTH COMMITMENTS** (Carfagna, R., Ryan, S.) To authorize certain advanced practice registered nurses to have a person involuntarily transported to a hospital for a mental health examination. (**CONTINUED-AMENDED (No testimony)**; 4th Hearing-All testimony-Possible amendments)

The committee adopted an amendment from Chairman Sen. Dave Burke (R-Marysville) that restores the grandfathering status of those who did not convert their certificates of authority to an advanced practice registered nursing license.

The addition is needed, Sen. Burke said, after a mix-up in a prior bill (HB216, 131<sup>st</sup> General Assembly) led to an oversight that rendered those impacted unable to practice. He added that the impacted group is likely "not voluminous" at this point.

**HB 332** **ANATOMICAL GIFTS** (Antani, N.) Regarding anatomical gifts, transplantation, and discrimination on the basis of disability. (**CONTINUED**; 1st Hearing-Sponsor)

Rep. Niraj Antani (R-Miamisburg) said his proposal was inspired in part by a 2013 report by the Autistic Self Advocacy Network that found individuals with mental and physical disabilities have been historically denied organ transplants based on their conditions.

"Ohio residents in need of organ transplants are entitled to assurances that they will not encounter discrimination based on a disability," he said. "A physical or intellectual disability should not bar someone from life-saving healthcare. As well, those living with disabilities like Down syndrome or autism can live full and joyful lives and should not be denied a transplant on a medical basis."

Five states, including neighboring Pennsylvania, have adopted such legislation, he said. Three more are currently considering following suit.

"This type of discrimination occurs because of lack of legislation on the issue, and we need to close that gap to prevent individuals with disabilities from being denied the transplants that they need," Rep. Antani said. "House Bill 332 would create a solution to this by ensuring these individuals with disabilities will receive the same treatment on organ transplant waitlists as everyone else."

Responding to Sen. Edna Brown (D-Toledo), Rep. Antani said he has heard from individuals who have been denied a transplant due to Down syndrome. They will testify, he said, if the schedule permits.

"We don't have any hard data (on how often this happens) because there really is no requirement for tracking why someone is denied," Rep. Antani said. "My guess is it is not a lot, but my argument is even if it happens once, it is once too many."

**Sen. Randy Gardner** (R-Bowling Green) said he is "stunned" the bill is needed. "On the face of it, as you testified, I absolutely agree with you 100%," he added.

The sponsor said he had the same reaction upon first being approached about the idea. "I really think it is a lack of knowledge that someone with Down syndrome or autism can live a life expectancy of a normal human being and can comply with post-operation regiments like any of us can," he said.

Answering **Sen. Bob Hackett** (R-London), the sponsor said the bill's definition of "disability" is in line with that found in the Americans with Disabilities Act.

**HB 340** **PUBLIC ASSISTANCE (Young, R.)** Regarding the release of information concerning public and medical assistance recipients. (**CONTINUED**; 1st Hearing-Sponsor)

**Rep. Ron Young** (R-Leroy) discussed the genesis of his proposal, which he said came from his county commissioner as well as local Job and Family Services agencies.

He bemoaned the isolation that has developed among various facets of public assistance computer systems, which he said undercuts efficiencies and stymies support. The legislation would increase information sharing efforts, he said, in an attempt to streamline and better serve Ohioans.

"It is time that the legislature takes action to correct what has become grossly inefficient," Rep. Young said.

The legislation has the support of the Ohio Job and Family Services Directors' Association, the Public Children Services Association and the County Commissioners' Association of Ohio, he said. It passed the House unanimously and the information sharing in question in no way violates federal or state law, he added.

The measure would also aid fraud detection efforts, he said. Those investigations today are conducted manually "system by system in a very time consumer inefficient manner."

"With this tool in hand, an investigator could quickly view a client's total portfolio of services and detect inconsistencies between the various state public assistance files," he said. "This can be accomplished quickly and efficiently to help determine that the client's vital information is accurately and uniformly reported in all of Ohio's Public Assistance Systems."

**SB 218** **MEDICAID PROVIDERS (Lehner, P.)** Regarding surety bonds and minimum training for certain Medicaid providers. (**CONTINUED-AMENDED (See separate story)**; 1st Hearing-Sponsor-Possible amendments)

**SB 233** **COTTAGE FOOD PRODUCTION (Thomas, C.)** To allow a cottage food production operator to use a firebrick oven located on a patio at the operator's residence for purposes of the cottage food production operation (**CONTINUED**; 2nd Hearing-Proponent)

Charolett Phoenix and Tia Watson requested support for the legislation, which they said would assist in growing their cottage-based bread bakery business. Current law, they said, has proven hindrance to that endeavor.

The law now states that such businesses may only use a residential oven located within the home to bake non-potentially hazardous food products to be sold. Making artisanal bread, which requires adequate space and baking time, can be greatly hindered by cramped

residential ovens, they said. The small space makes the business less productive, they added.

"We are requesting that an amendment be made to the Ohio Cottage Food Law permitting the use of an outdoor stand-alone wood fire brick oven on the premises of the home to accommodate a cottage-based bread business," Ms. Phoenix said. "The benefits of this amendment...is that it will increase the productivity and opportunity for success and growth without excessive overhead costs for cottage-based bread businesses."

Sen. Burke thanked the witnesses and said he hopes to get the bill in shape to pass "expeditiously." He added it's a matter of "wordsmithing" at this point and that his conversations with **Sen. Cecil Thomas** (D-Cincinnati) will continue.

## **Judiciary**

### **SB 171**

**PROTECTION ORDERS (Hottinger, J.)** To increase the penalty that applies to the offense of violating a protection order under certain circumstances and to require electronic monitoring of those convicted of violating certain protection orders to be carried out by probation agencies. **(CONTINUED (See separate story); 3rd Hearing-All testimony-Possible amendments)**

### **SB 195**

**DOGS LAW (Beagle, B.)** To revise provisions of the Dogs Law governing nuisance, dangerous, and vicious dogs, to revise enforcement of that Law, and to establish a notification process regarding complaints of certain violations of that Law. **(CONTINUED-AMENDED; 3rd Hearing-All testimony-Possible amendments)**

Prior to hearing testimony, two amendments offered by **Sen. Peggy Lehner** (R-Kettering) were accepted. They are designed to require notification of an investigation and to remove vet techs and dog wardens from making euthanasia determinations, she said.

Tequila Ann Williams-Madison said in proponent testimony that her grandmother was attacked and killed by a pit bull in 2015.

"We create laws daily against people for the safety of the people," she said. "What is so different about creating laws, safety measures, to protect the people from dangerous animals? Is our life less important because it's better to be hurt, scarred forever, or killed by a dog than another person?"

Corey Roscoe, state director for the Humane Society of the United States, said in written interested party testimony that the measure will both strengthen dangerous dog laws and provide owners with due process.

Sharon Harvey, president and CEO of the Cleveland Animal Protective League, in written proponent testimony asked for changes to the bill, including the removal of humane societies as locations for court-ordered euthanasia.

"Humane societies enforce the animal protection laws," she wrote. "County dog wardens enforce the dangerous dog laws. While individual humane societies may elect to assist with court-ordered euthanasia, it is not the role of humane societies to do so."

Rodney Cook, president of the Northwest Ohio Dog Wardens and Animal Control Officers' Association, also called for several changes to the bill in written proponent testimony,

including increased penalties when dogs are not properly confined before an attack resulting in injuries or death.

The panel also received written testimony in support from Wood County Chief Dog Warden Andrew Snyder.

**SB 231** **OFFENDER DATABASE (Gardner, R.)** To provide for a violent offender database, require violent offenders to enroll in the database, and name those provisions of the act "Sierah's Law;" to modify the membership and duties of the Ex-Offender Reentry Coalition and eliminate its repeal; to require halfway houses to use the single validated risk assessment tool for adult offenders that the Department of Rehabilitation and Correction has developed; and to provide that the notice of release from prison of specified serious offense offenders that is given to sheriffs is to be the same as that provided to prosecuting attorneys and eliminate the notice to sheriffs regarding pardons, commutations, paroles, and transitional control transfers of offenders. (CONTINUED-AMENDED (No testimony); 2nd Hearing-Possible amendments)

An amendment offered by **Sen. Bill Coley** (R-Liberty Twp.) was accepted.

Sponsoring **Sen. Randy Gardner** (R-Bowling Green) explained that the amendment provides an offender an opportunity to request that they be removed from the database if they can prove by a preponderance of evidence that they were not the principal offender.

Another change, he said, allows for an offender to remain on the database if they are convicted of another offense in the 10-year period they are listed.

"I'm pleased to provide this additional degree of judicial discretion," Sen. Gardner said.

**SB 244** **PROSTITUTION (Dolan, M., Manning, G.)** To amend the penalties for promoting prostitution. (CONTINUED; 2nd Hearing-Proponent)

Lou Tobin, executive director of the Ohio Prosecuting Attorneys Association, praised the measure as providing "for an increased penalty for individuals with previous convictions for promoting prostitution."

He also said it will provide a deterrent.

John Morgan of the Cuyahoga Regional Human Trafficking Task Force said the measure will aid in prosecuting individuals for human trafficking.

"By providing the means to adequately penalize offenders, these increased penalties are necessary changes the justice system needs to counter this cruel industry," he said.

In written proponent testimony, **Attorney General Mike DeWine** said the legislation will help to combat human trafficking in the state.

"We must send the traffickers a message: that we will not stand by and watch as they enslave our families, friends and neighbors through addiction and trafficking," he said.

**SB 66** **CRIMINAL LAWS (Eklund, J., Tavares, C.)** To modify criminal sentencing and corrections law by including rehabilitation as a purpose of felony sentencing, removing the one-year minimum for presumptive fourth or fifth degree felony community control sanctions, modifying sanctions for a

violation of a community control condition, modifying the manner of calculating confinement credits, modifying eligibility criteria and procedures for granting intervention in lieu of conviction, making offenders convicted of certain multiple fourth or fifth degree felonies eligible for conviction record sealing, revising procedures for the Adult Parole Authority to grant a final release or terminate post-release control, and modifying the criteria for considering a prison term sanction for a post-release control violation.  
(REPORTED; 5th Hearing-All testimony-Possible vote)

Patrick Higgins of the Office of the Ohio Public Defender said in written proponent testimony that the measure will go a long way toward improving the criminal justice system. He highlighted a provision that expands the principal purpose of felony sentencing to include promoting the rehabilitation of offenders.

"In order to truly reduce crime, our criminal justice system must focus on, not only protecting the public, but also rehabilitation," he wrote. "The data shows rehabilitation focused programing - things like access to education, job training, mental health counseling, and substance abuse counseling, are linked to reductions in recidivism, whereas, longer prison sentences are not."

Mr. Higgins also touted provisions of the bill to remove the one-year minimum requirement for certain community control sentences and to expand intervention in lieu of conviction.

**Governor's Appointments:** The committee recommended full Senate approval for the appointments of Mark Wasylshyn, Michael Staley, Brian Simms and Jay Beighley to the Ohio Private Investigation and Security Services Commission.

**Subscribers Note:** For full testimony see the committee's website under Feb. 27.

### **Government Oversight & Reform**

**HB 226** **FIREWORKS (Seitz, B., Sweeney, M.)** To establish a fireworks study group to review and make recommendations regarding the Fireworks Law, to extend to July 1, 2020, the moratorium on issuing fireworks manufacturer and wholesaler licenses, to eliminate, beginning January 1, 2021, the moratorium on geographic transfer of fireworks manufacturer and wholesaler licenses, and, beginning July 1, 2020, to impose a fee on the retail sale of consumer grade fireworks in this state and to expand the ability of individuals to obtain 1.3G display fireworks and obtain and use 1.4G consumer fireworks.  
(CONTINUED (See separate story); 2nd Hearing-Proponent)

**SB 221** **AGENCY RULEMAKING (Uecker, J.)** To reform agency rule-making and legislative review thereof. (CONTINUED-SUBSTITUTE (No testimony); 3rd Hearing-Opponent-Possible amendments)

A substitute bill offered by **Sen. Joe Uecker** (R-Loveland) was adopted without objection. The substitute version makes several technical corrections and allows the Joint Committee on Agency Rule Review to request an explanation of the relationship between a fee imposed by a rule and the costs incurred by the agency, according to Sen. Uecker.  
Chairman **Sen. Bill Coley** (R-Liberty Twp.) said the bill is likely to be voted on at the panel's next meeting.

**SB 239** **REGIONAL GOVERNMENT COUNCILS (Dolan, M.)** To modify the law concerning regional councils of governments. (**CONTINUED (No testimony)**; 3rd Hearing-Opponent)

**SR 342** **COLUMBUS CREW (Kunze, S.)** To urge the investor-operator and chairperson of Columbus Crew Soccer Club to keep the franchise in Columbus. (**REPORTED**; 2nd Hearing-All testimony-Possible vote)

Donald Murray, testifying on behalf of Jeni Britton Bauer, founder of Jeni's Ice Cream, said the loss of Ohio's only Major League Soccer franchise would be a blow to the city of Columbus.

"Its presence is a vital part of what makes this city and state so attractive to the amazing and innovative population we have, and in attracting new business and people to our incredible city," he said.

Nate DeMars, owner of Pursuit, echoed those sentiments.

"Columbus and Ohio have been pioneers in American soccer and have drawn the attention of the world on numerous occasions, solidifying Columbus as a forward thinking city on the rise and changing perceptions of the state of Ohio," he wrote. "Losing Crew SC would be a large step backwards for a city, region, and state with such lofty forward ambitions."

The panel also received proponent testimony from Jo Rodgers of Save the Crew, Bruce Wimbish of the Greater Columbus Sports Commission and Karen Crognale.

**Subscribers Note:** For full testimony see the committee's website under Feb. 27.

#### **Local Government, Public Safety & Veterans Affairs**

**HB 194** **LICENSE PLATES (Johnson, T., Craig, H.)** To establish a program for the issuance of special license plates related to military service and awards. (**REPORTED-AMENDED (No testimony)**; 4th Hearing-All testimony-Possible amendments & vote)

The committee accepted a technical amendment from **Sen. Steve Wilson** (R-Maineville) that retains the Purple Heart license plate in existing law because it is associated with an exemption from registration fees.

Additionally, the amendment removes the Ohio National Guard Ohio Cross plate from codified law and requires the registrar of motor vehicles to reestablish it under the program created by the measure.

"It also requires registrar of motor vehicles to establish the Army Distinguished Service Cross, the Navy Cross, the Air Force Cross and the Coast Guard Cross license plates," Sen. Wilson said. "These plates were not included in the original program and in the language of the bill it simply needed to be added."

**HB 202** **AWARENESS DAY (Thompson, A.)** To designate the first Saturday of May as "Veterans Suicide Awareness Day." (**CONTINUED**; 2nd Hearing-Proponent)

Jason Rutledge, representing an outreach group called Save22, urged support and described his own experience suffering from Post-Traumatic Stress Disorder following his service in the United States Marine Corps.

"Six years it took for me to seek help. For six years I refused to believe that things like depression or PTSD even existed," he said in written testimony. "I complained if someone would use excuses like PTSD or any of the myriad of mental health labels. Ladies and gentlemen, I promise you all I was wrong."

**HB 229**      **DAY DESIGNATION (Romanchuk, M., Wiggam, S.)** To designate February 3 as "Charles Follis Day." (CONTINUED; 2nd Hearing-Proponent)

Four members of the public asked the panel to support the idea of designating Feb. 3 in honor of Ohio-born Charles Follis, the first African American professional football player in the U.S.

James Stoner said he wrote a play titled "The Black Cyclone" recounting Mr. Follis' story. He is also developing and marketing a screenplay by the same name to share the story with a wider audience.

"When one examines Charles' life, one sees a life of extraordinary accomplishments that have been largely overlooked for more than a century," Mr. Stoner said. "He is an example for all to follow for his character."

William Bridges, who has participated in the aforementioned play, said Mr. Follis paved the way for Jackie Robinson's historic and more well-known role in breaking the race barrier in professional baseball.

Anessa McGregor said the story "serves as a reminder of how the face of racism is constantly changing. He never changed who he was or let the attacks on him change his direction."

And Steve Jefferson added that the Black Cyclone "(blew) open the doors of opportunity for a multitude of African Americans to excel, flourish and be recognized in all areas and levels of both collegiate and professional sports."

**HB 307**      **MONTH DESIGNATION (Gonzales, A.)** To designate September as "We Card Month." (CONTINUED; 2nd Hearing-Proponent)

Terry Fleming, speaking on behalf of the Associated Food and Petroleum Dealers, acknowledged that bills designating particular days or months aren't always received with "great enthusiasm" by lawmakers.

"But this is one that I think can and will make a difference," he said. "Let me be very clear that AFPD members strive to make sure that underage sales of tobacco product and alcohol are strictly enforced at all times - not just in September."

The legislation, he said, would be another way to highlight the importance of the issue. The association will offer "We Card" signs for businesses to visibly post each September, he added.

"This is a very simple bill but in a small way it addresses the very serious problem of underaged purchases of alcohol or tobacco products," Mr. Fleming said.

**SB 106**      **SMOKING (Tavares, C.)** To prohibit smoking in a motor vehicle in which a child under six years of age is a passenger. (CONTINUED; 1st Hearing-Sponsor)

**Sen. Charleta B. Tavares** (D-Columbus) requested support for her proposal to prohibit smoking in any vehicle in which a child under six is present and said she would be open to the idea of adding vaping to the legislation's provisions.

Smoking would be defined by inhaling, exhaling, burning or carrying any lighted cigar, cigarette, pipe or other lighted smoking device for burning tobacco or any other plant. Violators would be fined \$500 for the first offense with additional violations carrying fines of \$500 plus \$250 per violation.

"Secondhand smoke contains more than 4,000 substances, several of which are known to cause cancer in humans or animals," Sen. Tavares said. "Children are particularly vulnerable to the effects of secondhand smoke because they are still developing physically, have higher breathing rates than adults, and have little control over their indoor environments. Children exposed to high doses of secondhand smoke run the greatest relative risk of experiencing damaging health effects."

She cited data from the American Cancer Society and the U.S. Surgeon General showing secondhand smoke causes premature death and conditions including acute respiratory infections, ear problems, asthma, sudden infant death syndrome and more.

"Americans spend a great deal of time in their cars, and if someone smokes there, hazardous levels of smoke can build up quickly," the sponsor said. "Young children are not able to decide for themselves if they want to enter a vehicle with a smoker and are at the mercy of the driver. Senate Bill 106 will afford protection to some of our most vulnerable citizens."

**Sen. Joe Uecker** (R-Loveland) who questioned whether vaping is covered by the plan. Sen. Tavares said it is not but she is amenable to changing that if the panel concurs. "We still don't know the levels of chemicals that are going into the lungs of those who vape," she said.

**Governor's Appointments:** The panel also recommended full Senate approval for the appointment of Scott Arthur to the State Board of Emergency Medical, Fire and Transportation Services.

**Transportation, Commerce & Workforce**

**HB 159** **MONTH DESIGNATION (Riedel, C.)** To designate May as "Drive Ohio Byways Month." (CONTINUED; 1st Hearing-Sponsor)

**Rep. Craig Riedel** (R-Defiance) said his bill designates the month of May as "Drive Ohio Byways Month" to encourage tourists to take advantage of Ohio attractions such as Cedar Point, the Rock and Roll Hall of Fame and Hocking Hills, among others.

With children out of school for the summer, May begins the tourism season for Ohio's 27 byways, the sponsor said.

"The byways accent Ohio's rolling hills, Lake Erie beaches, and national parks that make Ohio a special place to visit," Rep. Riedel told the committee.

**HB 195** **WHEELCHAIR TRANSPORTS (Ingram, C., Seitz, B.)** To modify the provisions concerning the transport of persons who require the use of a wheelchair or other mobility aid in nonemergency circumstances.

**(REPORTED-SUBSTITUTE; 3rd Hearing-All testimony-Possible amendments & vote)**

**Sen. Stephanie Kunze** (R-Hilliard) won approval of a substitute bill that she said clarifies that disabled persons in wheelchairs should use only ambulette transportation for medical and emergency rides to hospitals and to other emergency-related locations.

**Sen. Frank LaRose** (R-Hudson) added that the bill overall decreases regulations on usage of Uber, Lyft and taxis for those who are disabled or in wheelchairs, except in the case of emergency and medical rides.

John Ballard of the Tri-County Independent Living Center said the bill is important for the Employment First initiative, because more Ohioans will be able to find and maintain jobs and enjoy their independence.

Transportation expenditures for the Ohio Medicaid Home Choice Program will decrease because of this bill, Mr. Ballard said. In the Tri-County area, Medicaid's per trip costs has been reduced by 80% because of ride sharing services, he explained.

Katherine Thomas, of the Ohio Association of Centers for Independent Living, said in written testimony the current requirement that a licensed ambulette transport a person who uses a wheel chair for non-medical and non-emergency rides creates unnecessary barriers to businesses willing to transport them. It also creates additional difficulty for a person in a wheel chair to get transportation, she said.

This legislation takes steps to remove barriers to businesses and to increase the variety and availability of cost-effective transportation for people with mobility impairments, Ms. Thomas said in testimony.

**HB 250 ELECTRIC BICYCLES (Brinkman, T.) To establish requirements for the use of electric bicycles. (CONTINUED; 1st Hearing-Sponsor)**

"This bill is an effort to boost small businesses and reduce consumer confusion, to update our laws in accordance with evolving bicycle technology and in line with other state and federal regulations and to allow more cyclists to use e-bikes, especially those whose abilities are limited due to age, disability, or physical capacity," sponsor **Rep. Tom Brinkman** (R-Cincinnati) said.

Ohio is among nearly 20 states without legislation that regulates electric bicycles, he said. This bill aligns traffic regulations with the three classifications set by the e-bike industry's model policy and includes restrictions for higher speed Class 3 e-bikes to ensure they are used safely.

In addition, the legislation mandates a uniform labeling system to assist law enforcement and land managers in identifying the e-bikes when necessary, the sponsor added.

The provision of the bill prohibiting e-bikes on natural surface trails was amended at the request of the Central Ohio Mountain Biking Organization to allow state or local authorities to determine if e-bikes harm natural surfaces trails and to permit them in the future, Rep. Brinkman explained.

Similar legislation has passed in Tennessee, California, Colorado, Arkansas, Utah and is pending in Illinois, Michigan, Wisconsin, Connecticut and New York, he said. The bill has the support of all interested parties from the bicycle industry and the Ohio to Erie Trail Board.

Rep. Brinkman told Sen. LaRose that the bill codifies e-bike standards in accordance with other state legislation and aligns with nationwide manufacturing standards.

**HB 336** **LICENSE FEES (Barnes, J., Greenspan, D.)** To prohibit the imposition of driver's license and temporary instruction permit reinstatement fees in specified circumstances and to name this act the Reinstatement Fee Amnesty Initiative. (CONTINUED; 2nd Hearing-Proponent)

Patrick Higgins said the Ohio Poverty Law Center supports the pilot program created by the bill, which would prohibit driver's license reinstatement fees under certain circumstances. A Cleveland.com study discovered that in ZIP codes where most residents live below 200% of the poverty level, there are 99 license suspensions for every 1,000 residents, Mr. Higgins said.

"With this pilot program, low-income Ohioans will have the opportunity to reinstate their driver's licenses and travel to places like work, training, treatment, and the grocery store without further jeopardizing an already-precarious relationship with the legal system," Mr. Higgins told the committee.

Bonnie Robinson, a social worker and case manager at the Lorain/Medina Community Based Correctional Facility, submitted written testimony in support of the bill.

Ms. Robinson said she has worked with many individuals who have faced further challenges because they were not able to pay the reinstatement fees to obtain their license after a suspension.

"When we pile up negative consequences on them and offer little to no help, we are not going to encourage them to turn their lives around," she wrote.

Antwan Taylor submitted written testimony explaining that his license was suspended from 2007 until 2011 for possession of marijuana. Mr. Thompson said he believes having his license suspended throughout junior high school limited his opportunities in the future.

Jon Peak submitted written testimony describing the challenge of getting to work or to court when his license was suspended in an area without public transportation.

Justin Tallman gave his support to the legislation in written testimony as someone who has had a license suspension imposed with a substantial fine.

**HCR 10** **ANTI-SEMITISM (Thompson, A., Greenspan, D.)** To condemn the Boycott, Divestment, and Sanctions movement and increasing incidents of anti-Semitism. (CONTINUED; 2nd Hearing-Proponent)

Chris Long of the Ohio Christian Alliance supported the resolution to denounce the "Boycott, Divestment, and Sanctions" movement, or BDS, against Israel and the increase of anti-Semitic incidents on Ohio college campuses.

Mr. Long said the Holocaust began with boycotts and discrimination and described the escalation of anti-Jewish laws to the tragedy of Kristallnacht.

"The recent boycotts and sanctions movement by some groups on college campuses in Ohio have created an atmosphere of fear and intimidation of Jewish students; as the State of Israel has been targeted, Jews specifically," Mr. Long said, adding that an incident recently occurred at Ohio University on the eve of the Jewish holiday Yom Kippur.

Sen. LaRose said the resolution is particularly important in Ohio, with its rich history of standing against bigotry and injustice and as the home to many Holocaust liberators and survivors.

Mr. Long said the increasing threats to Jewish students on Ohio college campuses are intolerable and raising awareness of the issue will foster an atmosphere that allows for freedom.

Michael Goldstein said the organization Proclaiming Justice to the Nations believes the resolution is a turning point for the state and its universities, with important implications for First Amendment freedom of expression.

"On our college campuses in Ohio and throughout the nation, BDS practices anti-Semitism and promotes its spread among the entire student body, including our children and grandchildren," Mr. Goldstein told the committee.

Anti-Semitism problems on college campuses have increased nationally by 40% from 2015 to 2016, he said.

Ohio State University saw an increase of 10 incidents and ranks fifth out of 15 schools for the highest incidence of BDS activity on campuses and Oberlin College made the list of Highest Incidence of Anti-Semitic Expression on campus, he added.

"Boycott, Divestment, and Sanctions of Israel, or BDS, is simply said another form of anti-Semitism for the purpose of delegitimizing Israel and the discrimination against and elimination of the Jewish people in the Middle East," said Edward Douglas, Ohio director for Christians United for Israel.

Joseph Abdallah, president of the Hillel chapter at John Carroll University and a student at the university, testified to a conflict between the Hillel chapter and the Muslim Student Society over a speaker that was brought to campus by the Cleveland Hillel and Christina United for Israel.

Mr. Abdallah explained that a previous incident occurred as the result of a speaker brought to campus by Hillel, which influenced the university administration's response to the recent conflict.

After the recent grievances were filed, the university faculty and administrators told the Hillel chapter that discussion of certain topics by the speaker should be limited, Mr. Abdallah said. Since then, the organization has focused on pro-Jewish events rather than pro-Israel events. Sen. Kunze asked if anti-Jewish sentiment has changed from his first to his third year at the university. Mr. Abdallah said he has worked to bring more pro-Jewish activities and inter-faith activities to campus and the group's membership has grown under his leadership.

Sen. Kunze asked if the increased presence of the group has invited anti-Jewish attacks. Mr. Abdallah replied that his organization has never been threatened but some students are nervous to display religious symbols in their residence halls and to express their Jewish identity. Mr. Abdallah added that he believes they are at a much better place now than they were a few years before.
